Please choose your pick-up day carefully, as we harvest especially for you on that specific day. If you are flexible, we can select a day for you that matches up with other folks in your neighborhood so you can carpool! We will send emails out in the spring to confirm your selected pick-up day.

I understand that farming carries with it dependence on the weather and other natural events that can be beyond the control of the farmer and can affect the quantity and quality of some of the produce. But, I also look forward to sharing in the numerous rewards that come with locally and organically grown produce. I understand that my share will be ready for me to pick up only on my designated pick-up day.
